St. George's Respiratory Questionnaire

This questionnaire is designed to help us learn more about how your breathing is troubling you and how it affects your life. We are using it to find out which aspects of your illness cause you the most problems, rather than what the doctors and nurses think your problems are.

Please read the instructions carefully.
Do not spend too long deciding about your answers.

Part 1

Please describe how often your respiratory problems have affected you over the past 4 weeks.

	Almost every day	Several days a week	A few days a month	Only with respiratory infections	Not at all

Section 8

Here is a list of other activities that your respiratory problems may prevent you from doing. (You do not have to check these, they are just to remind you of ways your shortness of breath may affect you.)

Going for walks or walking the dog

Doing activities or chores at home or in the garden

Sexual intercourse

Going to a place of worship, or a place of entertainment

Going out in bad weather or into smoky rooms

Visiting family or friends or playing with children

Please write in any other important activities that your respiratory problems may stop you from doing.

Now please check the box (one only) that you think best describes how your respiratory problems affect you.

- It does not stop me doing anything I would like to do
- It stops me doing one or two things I would like to do
- It stops me doing most of the things I would like to do
- It stops me doing everything I would like to do

Thank you for completing this questionnaire. Before you finish, would you please make sure that you have answered all the questions?
